Leadership Changes

by Carl Orton

Well, we're off to a New Year. At this point in time, a lot of folks have high hopes that 2012 will be a banner year for Chapter 34.

Life gets in the way on many fronts; my Sonex project was delayed for over a year due to work conflicts, several members fought personal illness and/or loss of loved ones, and things in general didn't always turn out like we thought they would at the outset.

Some of you are aware that there were some late-year changes in the members of your Chapter's leadership. In these trying economic times, as much as we love aviation, putting food on the table becomes a higher priority.

As a result of conflicting work schedules, Elissa Huggins and Matt Doody tendered their resignations at the November Board meeting. Both are remaining members of the Chapter, but feel that with other pressures they wouldn't be able to devote the time to the Chapter that it so richly deserves.

As a result of these actions, and with no further Chapter meetings scheduled for December, the Board asked Brandon Gordon, VP, to become acting President. Tom Peters of the Board to become acting Vice-President, and Carl Orton of the Board to become acting Secretary.

As noted, these positions are acting until such time as nominations / confirmations may be acted upon by the general membership.

We sincerely hope to see a good turnout at the

membership meeting on the 10th so that we may select new officers and get this Chapter off to a solid start for 2012.

Thanks to those who've been attending the general meetings the past few months. I think all are in agreement that our new facilities at the Arlington Municipal Airport have been much easier, access-wise, as evidenced by the consistently higher attendance numbers.

Please join us on the 10th!

Engine for Sale

I have a complete Revmaster 2100 engine for sale. It is lightly used. I bought it from a gentleman that only taxied the engine around on his project before he sold it to me. I am selling it because I have another project I am now working on. Engine has been preserved in pristine condition and includes everything you will need except a propeller. I am asking \$4200 and will assist with shipping cost. Sam Ajayi. soajay@hotmail.com

Sonex for Sale

N257SX Sonex is for sale for the price of the materials of \$27,000. This plane has been inspected and has its registration. The plane has never flown as I have had three surgeries and unable to fly anymore. The plane is now at home with the wings off. If you would like to see it then give me a call at 817-283-2557. Wanted: Pulsar Project

Just a short note from a long time EAA member. I am looking for a registered Pulsar 1 (meeting LSA requirements) OR abandoned, partially built, or neglected Pulsar 1 aircraft project. One without an engine would be perfect since I have a new 582 Rotax that would like to live in the nose of one of these little birds. I am willing to pay a \$250 finder's fee for the right plane/project.

I am located in College Station, Texas. Contact phone is (979) 458-6138 (day). Eddie D. Gose, EAA #58667

Chapter Information

Chapter 34 Purpose

In the year 2000 Chapter 34 initiated a change in tax exempt status from 501(c)(7) Recreational to 501(c)(3) Educational. The purpose was to permit donors to give large donations to the Chapter 34 and be accepted by the IRS as a donation. Also it makes the Chapter eligible for government grants.

Chapter members approved the change in the Articles of Incorporation on February 8, 2000. Secretary of State of The State of Texas approved the changes July 6, 2000. These emphasize education and are in effect today.

Article Three now reads:

"The purposes for which the Corporation is organized are:

- a. To promote and encourage education and safety in operation of general aviation aircraft.**
- b. To promote and encourage positive public awareness of all aspects of general aviation.**
- c. To operate as a local chapter of the Experimental Aircraft Association.**
- d. Form together a group of people with an Experimental Aircraft Association common interest in experimental, antique and general aviation aircraft and to exchange ideas relating to**

flying and aircraft and all things necessary and incident thereto.

Chapter 34 received approval of 501(c)(3) status on June 7, 2002. (EAA Chapter 34 is a Texas Corporation and the legal name is "Experimental Aircraft Association, Chapter Thirty-Four, Inc.")

Meeting Time / Location

Chapter 34 meetings are on the second Tuesday at of each month at 7:30 PM in the second-floor conference room of the Arlington Municipal Airport terminal building.
